

Dear Shark Taggers,

The staff of the Apex Predators Program is pleased to celebrate 2012 as the **50th year** of the **Cooperative Shark Tagging Program**. This Program relies heavily on our taggers to accomplish our goals and we could not have attained this 50 year time series of data without your dedication and support. Thank you!

Please accept this decal as a small token of our appreciation and as a celebration of our 50 year anniversary.
